

Welcome Letter

Description

Benoit Perthame & Víctor Manuel Pérez García

Welcome letter

With great pleasure, we extend our warmest greetings to each of you as we come together to celebrate the 13th European Conference on Mathematical and Theoretical Biology!

Organized under the banner of the European Society for Mathematical and Theoretical Biology (ESMTB), this conference represents a new step in the series of events that have been advancing the intersection of biology and mathematics. The ESMTB, as a learned society, has been at the forefront of nurturing and promoting theoretical approaches and mathematical tools in the realms of biology and medicine across Europe and beyond.

We are delighted to welcome all of you, esteemed researchers, scholars, and enthusiasts, to join us in this intellectual endeavor. The ECMTB conferences represent the pinnacle of our community's collective efforts, providing a platform for sharing research, fostering collaboration, and igniting new ideas. Your presence here not only enriches this event, but also contributes to the larger purpose of driving scientific progress and innovation.

As we embark on this journey together, we encourage you to actively participate by sending proposals for minisymposia, contributed talks, or posters. Your contributions will play a vital role in shaping the diversity and richness of the conference program, furthering our collective knowledge and exploration at the interface of mathematics and biology.

Once again, a warm welcome to all of you! Let us make the 13th European Conference on

Mathematical and Theoretical Biology an unforgettable gathering that inspires us to reach new heights in our understanding of this fascinating discipline.
