Description

ECMTB'24

13TH EUROPEAN CONFERENCE ON MATHEMATICAL AND THEORETICAL BIOLOGY | JULY 22 - 26 | TOLEDO · SPAIN

JULY 22 -26 | TOLEDO · SPAIN

The notifications of acceptance/rejection for the minisymposiums and contributed talks have been sent out. You can also find this notification on the [“Status”](#) menu on your private area. If you have not received yours, please send us an email at abstracts@ecmtb2024.org.

What is ECMTB?

The European Conference on Mathematical and Theoretical Biology (ECMTB) was first held in 1991 in Grenoble, France. It was initiated by mathematicians who were interested in applying mathematical theories to biological problems. Over the years, The ECMTB conference has grown in size and scope, attracting researchers from all over the world. In addition to promoting interdisciplinary collaborations between mathematicians, biologists, physicists, and other researchers, ECMTB has also facilitated the development of new techniques and methodologies for modelling complex biological systems. Today,

ECMTB is held every two years and is instrumental in advancing the field of mathematical biology and shaping the way researchers study and understand the complex mechanisms that govern life processes.

Important dates

The ordinary registration was over on May 15. It is still possible to register post-deadline with the following fees.

June 7

End of postdeadline registration

November 2, 2023

Registration open // Call for abstracts and mini-symposium proposals open

February 5, 2024

Deadline Abstract submission for oral contributions and minisymposium proposals

March 8, 2024

Notification of contributions and mini-symposia acceptance

March 15, 2024

End of early-bird registration

April 15, 2024

Deadline Abstract submission for posters

May 15, 2024

End of registration
(kids and accompanying persons included)?

Plenary Speakers

Christina Cobbold

University of Glasgow
